
Dear Sir. Allow me to write to you; I am the pupil of Mr. Fushimi and met him in San Francisco before leaving here. He ask me to send this card to you because he was busy indeed and could not write to you so I will send to you of course it is written by Japanese characters and translate to English. "When you meet those friends who have been praying for us, pray tell them that the Spirit of God is out pouring upon you." Your Respectfully, J. Monita.
